

For Canine Education & Awareness

Daxton's Friends for Canine Education & Awareness
was formed in honor of **Daxton Borchardt**,
who passed away on **March 6th, 2013** due to severe
injuries sustained in a dog attack.

Daxton's Friends for Canine Education & Awareness
would like to educate the public about the importance of
understanding dog breeds and how with proper education and
pet care, the number of dog related incidents can be reduced.
